For your information.

b6
b7C

I've incorporated the [REDACTED] and Red Wolf databases into the EC and have sent it to DITU for review and, if no problems arise, for UC/DITU's initials. It will go to [REDACTED] and [REDACTED] tomorrow morning and then on to you or [REDACTED] (your call).

There are some admin issues unresolved about [REDACTED] that needs to be resolved but I think the body of the EC is in good shape. [REDACTED] has made changes to her guidance re this first effort which I have incorporated in the EC.

I can make this change.

Also, I received a voicemail from [redacted] asking me to fold into the DES EC provisions that cover his interests. I understood that he would be sending me text to work with. Are you working with him on this?

[redacted]

This is the subject of the conversation that we need to have this morning. Assistant Section Chief [redacted] does not want to be responsible for providing this information. The reason for this position is that while DITU develops and maintains the software, sets up the collection for field offices, it does not have access to the actual data. So, this means that the only way DITU can answer the questions is to ask CTD, or OGC, or the various field offices. DES does not want to be responsible for the responses provided by other divisions. In other words, DES does not want to be the middleman in an action going to the FISC.

Right now I have on my desk a copy of a draft EC to the Field asking for responses to the questions posed by the FISC. [redacted] brought it to me saying that this is not the way to handle this matter.

I don't know how flexible you can be on this, but I'm getting considerable push-back. Basically, DES is going to have to be told to do this and then expect that the response will have caveats from DES clarifying that their response is based solely upon information provided by [redacted], etc.

CTD may be the better choice to turn to for this information. They have a continuing working relationship with the field offices.

Let's talk.

[redacted] in our responses from [redacted] they have uniformly said that they don't maintain databases with FISA information. But they generally forgot to address the part about whether they have access to such databases, regardless of whether they maintain them.

Can you tell me if there is any chance that there is computer access

Just a note to let you know that I wanted to make sure [redacted] was up on all the latest guidance on minimization. I talked with her today about it, ensured that the case agent would check in with her to oversee the work as it goes along, and have asked the Associate Division Counsel [redacted] to assist as necessary. I also sent [redacted] the guidance below.

See you tomorrow.

I believe you are using RedWolf [redacted] is bringing you a recent EC for RedWolf users that contains guidance sent out by NSLB on July 31, 2006. It pertains to how you log and summarize, so please take a look at it and follow its advice. If you have any questions, don't hesitate to ask [redacted] or me.

You are probably working alongside [redacted] If you are, they also are a good resource to tap if you have questions; sometimes they know more about what to do than the agents. Nevertheless, coordinate with [redacted] as necessary.
